

I have lived in Newington almost my entire life and have enjoyed not only this wonderful community but the amazing school that I attended for my elementary years. Now that I have almost finished high school I find myself looking back at my 7 years at Newington Elementary School more often. The years I spent there far outshine my years at Portsmouth Middle School and Portsmouth High School. Newington Elementary more than prepared me for every challenge I faced at the Middle School. It also help me build a group of steady friends that I could always rely on. Since there was only 40 kids in the school we all got to do some amazing things that will be remembered forever. The thing that I most remember about that school was my trip to Boston during my 5th grade year. We did so many fun things that trip like visit Fenway Park and participate in a Duck Tour.

During high school I have enjoyed many things but my favorite thing about high school has been the freedom you get when you go. Between every class you get 10 minutes and 40 minutes at lunch which you could go anywhere in the school. It was an amazing feeling to be able to explore such a large place. Although I have enjoyed my time at high school I am also looking forward to my life after high school. After high school I am planning on attending the University of New Hampshire to learn how to become a high school math teacher.
